

Abstract Submission: Primary Track and Primary Topical Area

Presenting authors must select a primary track and primary topical area with which the abstract should be associated. Only one track and topical area can be selected. Please consider submitting your abstract even if you believe it does not fit precisely into one of the options available. Abstracts will be reviewed and an abstract's track and/or topical area may be adjusted to group like abstracts together for presentation.

Leaders from ASN's Research Interest Sections and Councils will use the track, topical area and keywords provided by the abstract submitter to program abstracts. Primary tracks and primary topical areas are listed below.

Primary Track

- Cellular and Physiological Nutrition/Metabolism
- Climate and/or Food Systems
- Clinical and Translational Nutrition
- Global and Public Health Nutrition
- Population Science
- Career/Professional Development

Primary Topical Area

- | | |
|--|--|
| • Aging and Chronic Disease | • Medical Nutrition/Case Study Vignettes |
| • Carotenoids and Retinoids | • Neuroscience/Nutrition and the Brain |
| • Climate, Food Systems, Diet, Nutrition and Health | • Nutrition Education and Behavioral Science |
| • Community and Public Health Nutrition | • Nutrition Translation and Communications |
| • COVID-19 and Nutrition | • Nutritional Epidemiology |
| • Diet and Cancer | • Nutritional Immunology and Inflammation/Immunometabolism |
| • Dietary Bioactive Components | • Nutritional Microbiology/Microbiome |
| • Dietary Patterns | • Obesity |
| • Eating Frequency and Chrononutrition | • Policies and Regulations |
| • Education and Teaching | • Precision Nutrition/Nutrient-Gene Interactions |
| • Energy and Macronutrient Metabolism | • Sports Nutrition and Physical Activity |
| • Experimental Animal Nutrition | • Vitamins and Minerals |
| • Food Choice, Markets and Policy | • Methods |
| • Food Science and Nutrition (includes food composition, formulation and processing) | • Protocols |
| • Global Nutrition | • Other |
| • Maternal, Perinatal and Pediatric Nutrition | |
