Nomination and Selection Process

All nominations must be submitted via the [ASN Foundation Portal](#). Incomplete or late nominations will not be considered.

Nominations will be retained for 2 years. Nominations received last year will be considered for this year's awards selection.

Confidential award selection juries are appointed each year. Juries rate the candidates based on the award criteria. An award is usually given to 1 person, but a jury may recommend that the award be

given to 2 or more individuals who collaborated in recent research. Similarly, a jury can determine that there are no deserving candidates in a given year.
