NUTRITION 2027
Where the Best in Science & Health Meet
July 26-29, 2027 • Las Vegas, NV

Call for Abstracts - Abstract Submission: Primary Track and Primary Topical Area

When submitting an abstract, presenting authors must select a primary track and primary topical area with which the abstract should be associated. Only one track and topical area can be selected. Please consider submitting your abstract even if you believe it does not fit precisely into one of the options available. Abstracts will be reviewed and an abstract's track and/or topical area may be adjusted to group like abstracts together for presentation.

Leaders from ASN's Research Interest Sections and Councils will use the track, topical area and keywords provided by the abstract submitter to program abstracts.

Primary Track

- Cellular and Physiological Nutrition/Metabolism
- Climate and/or Food Systems
- Clinical and Translational Nutrition
- Community and Public Health Nutrition
- Global Nutrition
- Population Science/Epidemiology
- Career/Professional Development

Primary Topical Area

- Aging and Chronic Disease
- Aging, Longevity, and Functional Health *(new for 2027)*
- Applications of Novel in vitro Models in Nutrition Research
- Artificial Intelligence and Machine Learning in Nutrition
- Carotenoids and Retinoids
- Climate, Environment, Agriculture, Sustainability, Food Systems, and One Health
- Clinical Case Study
- Clinical Nutrition
- Community and Public Health Nutrition
- Diet and Cancer
- Dietary Bioactive Components
- Dietary Patterns
- Digital Health and Technology-Based Nutrition Interventions *(new for 2027)*
- Eating Frequency and Chrononutrition
- Education and Teaching, including Clinician Education
- Energy and Macronutrient Metabolism
- Experimental/Companion Animal Nutrition
- Food as Medicine
- Food Choice, Markets, and Policy
- Food Ingredients, Processing, and Health
- Global Nutrition
- Hydration and Health *(new for 2027)*
- Implementation Science *(new for 2027)*
- Maternal, Perinatal, and Pediatric Nutrition
- Methods
- Nutrition Education and Behavioral Science
- Nutrition Translation and Communications
- Nutrition, Brain, and Mental Health
- Nutritional Biomarkers *(new for 2027)*
- Nutritional Epidemiology
- Nutritional Immunology, Inflammation, and Immunometabolism
- Nutritional Microbiology, Microbiome, and Microbe Nutrition
- Obesity
- Obesity Pharmacotherapy and Nutrition *(new for 2027)*
- Policies and Regulations
- Precision Nutrition, Nutrient-Gene Interactions, and Omics
- Protein Intake and Health
- Protocols
- Sports/Performance Nutrition
- Vitamins and Minerals
- Women's Nutrition and Health Across the Lifespan *(new for 2027)*
- Other
